

Ergonomic Office Chairs Customized for Everyone in the Firm...

CLIENT NEED

A California Law Firm recently inquired about purchasing chairs for their employees.

MY OFFICE PLANNING GROUP SOLUTION:

A local My Office Planning Group dealer in California met with the Law Firm to review the true benefits of an Ergonomic Chair. They reviewed 3-4 different models and explained that any chair could be customized to meet the specific needs of each employee.

247 Ergonomic Chairs encompassing 5 different models from Sitmatic were furnished and delivered to the law firm. Each chair had the employee's name and location to facilitate delivery. The delivery arrived blanket wrapped and the chairs were wheeled to the appropriate floor and location.
